

# Aggregate blocks

Tarmac Aggregate blocks are the market leader in the supply of aggregate blocks within the UK.

With 6 manufacturing plants, nationwide we produce and supply over 5million m<sup>2</sup> of aggregate blocks to the building industry via over 55,000 vehicle deliveries. We employ over 120 people all with the aim to deliver a service to our customers based on the Tarmac Core Values, **Proud**, **Ambitious** and **Collaborative**.

As part of the larger Tarmac Building Products business, we are focused on being the number one supplier to the building industry offering a full range of products to support any construction requirement.

## Andrew Thornley

Senior Commercial Manager

“As the Senior Commercial Manager for the Aggregate Blocks Business I believe Tarmac’s Core Values – **Proud**, **Ambitious** and **Collaborative**, are key to our successful future. Working closely with you I hope to live and breathe these values, continually driving improved relationships and increased business performance.”

# Aggregate blocks

## Durable concrete blocks

**As a UK market leader, you can expect our blocks to meet the most demanding of building requirements and specifications across different applications with the strength of blocks available for all types of construction.**

All Tarmac Building Products manufacturing plants operate an environmental management system conforming to ISO:14001 and BES 6001 Responsible Sourcing of Construction Products, these sites are independently assessed for compliance by BSI.

Tarmac building products offer national coverage with 6 blocks plants located across the UK supplying Hemelite and Topcrete blocks through merchants from the smallest independent to the largest of national chains.

Tarmac aggregate blocks offer a complete range of medium dense and dense aggregate building block solutions.

## Simon Rayner

Territory manager

I have 25 year's experience working with Tarmac as a territory manager starting back in 1994, the success of managing various territories has been down to the **collaborative** partnerships I've been able to create with you, and I'm **proud** to say that this is a cornerstone of my commitment to you. Please get in touch to discuss any new or existing sales enquiries you may have; I'll be happy to help.

## Cavan Streete

Internal sales representative

Being **ambitious** at school drove me to take up a role within the Tarmac Apprentice scheme in April 2018; I have recently completed this apprenticeship and am **proud** to have secured a role as internal sales representative for the North East. Being **ambitious** I look forward to the challenges this position has had to offer and the opportunity to expand my skill set further during this journey with you. I will strive to deliver on all your customer service requirements.

Our team of concrete blocks specialists can advise you on the best aggregate block for the project you are building. They are on hand for advice, support or design recommendations.

## High performance aggregate blocks

We have a range of concrete block solutions designed to solve construction challenges.

### TOPCRETE

Dense, durable aggregate blocks range with high strength.

### HEMELITE

Lightweight aggregate blocks range with high strength to weight ratio.

Tarmac Building Products aggregate block ranges are BSI Kitemarked to BS EN 771-3 ensuring both characteristic and high performance and manufactured under a quality system complying with BS EN ISO 900.

We are pleased to introduce our internal sales team based at our Hilton main Wolverhampton office. Throughout Tarmac aggregate blocks team we are dedicated to excellent customer service and building effective working relationships with our customers to exceed your expectations.

## Our team – here to help you

Our sales, operations and logistics team is here to make sure you get what you want, when you need it.

If you need help call the team on

**Ian Broad**  
National Key Accounts Manager

"Having picked up a vast skill set and experience across Tarmac, this has allowed me to better understand both customer's requirements and to develop and create new effective business opportunities"

**Louise Jarvis**  
Internal sales manager

"My main aim is to manage the internal sales representatives and customer relation advisors daily and look at ways to improve our customer focus to ensure we meet our customer needs whilst achieving our sales budget."
