BULK BAG

Dry mortar in bags

Quality factory produced mortar supplied in a bag is ideal for projects where flexibility of supply is often demanded. At the beginning and the end of a build when sites are not adequately serviced or when space is at a premium - space is too small for a silo.

EASE OF USE

TRUSPREAD BULK BAG is a fully blended cement/lime/aggregate ready mixed mortar – just add water and mix to the preferred consistency. Increases efficiency using only what you need.

CHOICE OF COLOUR

Coloured mortar can make an enormous permanent difference to a building for a very small additional cost. With over 50 shades to choose from and factory produced, we will supply the same colour batch after batch.

DURABILITY

Supplied in water resistant bags helps to protect against the elements and is ready to use when you need it.

QUALITY ASSURED

All Tarmac products are manufactured in the UK and certified under BES 6001 Responsible Sourcing. Our mortars are compliant to BS EN 998-2:2010 ensuring our customers receive unrivalled quality and technical expertise.
