## MULTIPURPOSE CONCRETE

High quality pre-mixed concrete formulation ideal for all general building and DIY projects, just add water mix and use.

Ideal for:

- Steps
- Paths
- Ramps
- Shed bases

### HIGH STRENGTH 40N CONCRETE

Pre-mixed formulation specifically developed for load bearing and high traffic applications that require additional strength and long-term durability. Very strong and extremely durable with a compressive strength of 40N/mm<sup>2</sup> at 28 days.

Ideal for:

- Structural Concrete
- Drives
- Steps
- Paths

### POSTMIX

High quality pre-mixed formulation, specially designed for the fast setting of wooden, concrete or metal fence post. No mixing required, all you have to do is add the water.

Ideal for:

- Fence posts
- Gate posts
- Pergolas
- Rotary washing lines

### ULTRALIGHT POSTMIX

Lightweight material, strong hold performance. Ultralight postmix is easier to transport and easier to use. High quality, strong formulation for setting all types of posts

Ideal for:

- Fence posts
- Gate posts
- Pergolas
- Rotary washing lines
